Bishop's challenge

We enjoyed leading the inter house writing of how our world should be. We need to do the hall board and use a staple gun. Mrs Howe will meet us at lunchtime so we can put up the display.

Woodland Worship

Annie and Verity will do the bible reading on Saturday's service. Varinia needs a new permission letter as she may also be able to help. Lots of us have clubs on Saturday so can't come so can we have a different time next time so different children can be involved. Mrs Howe will look at options for an afterschool woodland worship. The program for woodland worship will go to all families tomorrow.

9.am meet at the gate - tea and hot chocolate

Blindfold trail around the woods.

Collective worship tasks

Ruby in year 5 asked if our assemblies could tell us about women in the bible. Mrs Howe has planned these for this half term using Ruby's idea and we can do the readings and acting parts for these assemblies.

29th April - we will plan teamwork events for each house group. Mrs Kennedy will support us with ideas.

20th May - we will plan sporting tasks where children can encourage each other to be like our school Christian vision. We can ask Mrs Johnson about PE equipment and ideas.

PCC ideas and the Flourish project

We are happy to be involved in other groups of children and visit other churches. We like to be involved in displays at churches like doing flower festival displays of our art work and like the idea of being in charge of cake stalls and ice creams in the summer.

We need to look at the ideas the children had about the logo for the church. Lots of the children in the assembly thought about having 14 things for the different parishes. We all think this is a good idea.

We talked about making a film about our worship committee and what we do. We need to film some of our woodland worship and some of us doing assemblies and displays around school. We can film us making the prayer spaces. We can film some of the children doing our teamwork activities. Mrs Howe will share our first ideas and then she explained we will need to look at some questions and think how we can lead the flourish project work.

- a. *The design and development of the FLOURISH concept*
- b. *The leadership of the pilot*
- c. *The evaluation of its impact*
- d. *The influencing of adults' thinking across diocesan leadership structures as a result*
